

TOMORROW'S PROMISE  
FOUNDATION

## Jason Merritt

Jason Merritt is a talented medical logistics specialist with three years of experience in the field. Currently, he serves as a valuable team member at Crosslink/Stryker, a prominent company in the industry.

Previously, Jason has successfully fulfilled the role of building supervisor at Boxed, showcasing his strong organizational skills and attention to detail. He also gained valuable experience as a regional manager at a local staffing company, utilizing his leadership abilities to ensure seamless operations.

Jason's dedication to his work and commitment to excellence are evident through his track record of successful project completion and customer satisfaction. With his strong communication skills and ability to work well with influential teams and individuals, he has effectively collaborated on numerous occasions.

In addition to his professional achievements, Jason holds an associate's degree from Georgia Perimeter College, where he expanded his knowledge and expertise in the field. Moreover, Jason's involvement in the St. James Lodge #4 as a freeMason, highlights his passion for community engagement and his commitment to personal growth. With a solid foundation in medical logistics, hands-on experience, and a drive for continuous improvement, Jason is a capable professional poised to make a meaningful impact in the industry.
